## Histio UK and our school

# Histiocytosis UK

Histio UK is the UK's leading histiocytosis charity for children, young people, adults and their families.

We fund research and provide information and awareness support.

Can you help us?

All our services are free of charge to the patients and families we support.

- We rely on voluntary donations, including money raised at fundraising events, to continue our vital work.
- We can only fund the research and these services because of wonderful people and schools like yours who fundraise for Histiocytosis UK.
